

International Academy, Research, and Industry Association

Best Paper Award

Silicon Based Temperature Sensors with Extended Temperature Range
and Simple One-point Calibration

By

Ingo Tobehn, Arndt Steinke, Andreas Albrecht, Horst Hansch, Michael Kunze, Thomas Ortlepp

Presented during SENSORDEVICES 2015, The Sixth International Conference on Sensor Device Technologies and
Applications, held in Venice, Italy - August 23 - 28, 2015

IARIA Board
